Dear Parent,

The long summer vacation must have surely given some solace from the hectic schedule followed by you and the students through the previous year. The new academic session for the year 2015 – 2016 is here and it is time for each of us to get back to the mode of meeting the timelines. We request you to help your children create a time table and follow it. The students are expected to groom their looks and appear smart in their school attire. Here are a few of the concerns regarding the children.

- Avoid late attendance and note that the school gates would be closed at 8:45 a.m. The school gates will be opened exactly at 3:30 p.m. and early arrival will surely cause inconvenience to the others.
- **SCHOOL TRANSPORT IS NOT MANDATORY, ONLY THOSE WHO ARE DESIRIOUS MAY AVAIL IT.**
- For the convenience of the students, the school has been outsourcing the bus facility for the last 25 years. Since there is a limited space in the campus, neither a new bus for a new route, nor a new route for the existing can be added.
- The students who come to school through public transport are requested to carry only the required amount of money. No extra money, costly stationery or electronic goods to be carried by the students.
- **THE STUDENTS WHO ARE DROPPED AT SCHOOL ON THE TWO WHEELERS ARE OFTEN FOUND COMING FROM THE WRONG SIDE OF THE ROAD.** Please avoid this as it is causing a lot of inconvenience to the regular traffic.
