Dear Sanghamitra School

We are excited to inform you that Telangana Social Impact Group (T-SIG), the CSR cell of the Department of I&C, ITE&C, Government of Telangana, honours and recognizes your efforts for COVID-19 response in 2020 and 2021. This is the Telangana State Government's recognition of individuals and entities who have extended the highest levels of relief to citizens affected by COVID-19.

The pandemic situation in India has revealed the truly bravest and the kindest amongst us. While the country still battles an invisible and deadly enemy, you are at the forefront, leading the good fight, putting others before yourselves. Although the Telangana government initiated rapid emergency response systems, there was a need for grassroots organizations, corporates and individuals like you to perform relief activities, without duplicating the state government's efforts.

Please find enclosed in this mail your certificate as a representation of the Telangana Government's gratitude towards the services rendered for the COVID-19 relief work.
