

SANGHAMITRA SCHOOL

Awareness about culture is an important aspect of learning in a student's life and this is taught to students through school celebrations. All the festivals are retold in a dance drama, format to students.

Come July and it is time for the twin cities of Hyderabad to bear a festive look as it is time to celebrate the mother goddess in a Ammavaru form.

Students of class I and II performed beautifully to tell the story of Bonalu. Class I students Shanmukh of I D and Hansith of IA compered the program very confidently. Aneesh spoke about the festival and shared the history behind the celebrations. Teacher Divya dressed as Ammavaru and kept the audience spellbound. Class I and II students danced energetically and bought in the festival ambiance.

The highlight of the program was Lakshmi Ishitha of class IB who foretold the future in an oracle dressed as Ammavaru.

It was a wonderful, creative, colourful presentation by students and teachers and an excellent presentation by all. We thoroughly enjoyed the program.
