

Centre for Cellular and Molecular Biology

100 students from CBSE schools of twin cities has participated the CCMB Young Innovators program 2017 on 28th December 2017 at CCMB, Tarnaka. The students attended the lecture by an eminent scientist followed by a multiple choice questionnaire for the selection of students.

Only 10 students have been selected for the “Young Innovators Program – 2017”. One among them is Master S.Shashank Chandra Reddy of Class – IX from our school.

A two-week training programme will be conducted from 8th to 19th.

Congratulations! Wish you good luck.
