

CCMB

YOUNG INNOVATOR'S

Center for Cellular and Molecular Biology provided an opportunity to students of classes VIII to X in CCMB – Young Innovators program. This is a two-week program where children will have a close interaction with scientists and also gain first-hand experience of research work for a period of 2 weeks.

Amogha of class 9 and V.Rahul of class 8 attempted the screening test on 26th December at CCMB Tarnaka. They also attended a lecture by Dr.V.M.Tiwari Director NGRI.

Good Luck Children.
