

# Happy New Year

**SANGHAMITRA SCHOOL**

**2021**

Excited students and lively virtual classrooms set the tone to usher in the new year. Students exhibited their creativity in all forms, whether it is drawing, dance performances, singing melodiously and artistic creations.

Teachers and students created audio visuals where they shared their new year resolutions. Resolutions ranged from getting up early, eating healthy, being happy and enjoying everything that is done.

We wish all the energetic, wonderful students, teachers, and parents a wonderful happy and a safe new year 2021. Let us all equip ourselves with the skills, and habits to overcome challenges that life throws at us.
