

Tinkering Lab

With a view to give a substantial boost to the innovative ecosystem in school, the Butterfly Fields has set up Tinkering Lab.

The key objective of Tinkering Lab

The objective is to foster curiosity, creativity and imagination in young minds and inculcate skills such as design mindset, computational thinking, adaptive learning. Students will also be able to exchange knowledge and learn from one another.

It would contain educational learning 'Do it yourself' kits and equipment on science, Electronics, Robotics, Sensors and Computers. This will help to understand the concepts of STEM (Science, Technology, Engineering and Mathematics) for classes IV to X.

The Tinkering Lab was inaugurated by the CBSE National Badminton and Saptarishi Sahodaya Cluster-1 Badminton Team on 18th December 2017.
