

MY STORY

WE FEED THE WORLD

7th February 2020.

An awareness program regarding the journey of food and the role played by the farmer in producing food was shared with the students in the Assembly. Mr Srinivas Raju and his team, all volunteers with MY STORY – We feed the world, shared with the students the work of the farmer and the importance of valuing and not wasting the food. The farmer starts the journey with ploughing and readying the field and it takes 132 days for the grains to be edible. An empty plate challenge was conducted for the students. Ms Prashanthi nutritionist also spoke to the children on the importance of nutrition, balanced diet and minimum wastage. The teaching staff along with the students took a pledge thanking the farmer and to follow minimum wastage.
