

Another feather in the crown of Sanghamitra.

A student of class IX A, G.V.V. Jignyas was selected for the annual space settlement contest. Out of 6500 entries world wide, only 128 projects were selected. He will be representing his project named AVELINE(space colony) during NSS 37th Annual International Space development conference in St.louis USA, 24-27 May 2018. Sanghamitra family wishes him all the best.
