

DASARA CELEBRATIONS

Though the fact that the other school children have already started enjoying their holidays was a little indigestible, all the students from LKG to class X tagged along for the next one week as they all knew about the traditional way the school closes for the holidays after the First Term. Also the knowledge that they would be having 3 extra days compared to the other school students was quite a respite. The conical shaped, beautiful concentric layers of flower stack, Bathukamma, burning the effigy of the demon king, Ravana, playing Dandiya, breaking the matka / the beautifully decorated pot..... all of these are thoroughly enjoyed by every one of the students. The students, as usual, came gracefully dressed in coloured clothes, an escape from the uniform to enjoy the festivities.

The first Official Students' Day was celebrated on the 15th of October, 2015, commemorating the birthday of our beloved leader Shri APJ Abdul Kalam.
