

SANGHAMITRA SCHOOL

Dear parent,

Thank You! For all your support during the remote learning!

The academic year 2020-2021 has been a demanding one. Due to the pandemic we had to make changes, compromise and get acquainted with remote learning.

We would like to express our heartfelt thanks to grandparents, parents and siblings for your patience and commitment. Your continuous help and support enabled the students to focus, listen, learn and write in virtual classes. Children took part with enthusiasm in recitation activities and celebrations. Our happiest moments were seeing the video clippings of children taking part in class activities. These videos not only bring a sense of joy but they reassure us that learning is happening. Your suggestions during the parent teacher interaction were valuable. It allowed us to make necessary changes keeping the learning needs of children in mind.

We apologize for the inconvenience caused due to technical glitches. Despite these minor hiccups, the learning was seamless. This is entirely because of your cooperation. We look forward to your support in the future.

HAVE A GREAT SUMMER VACATION! STAY SAFE.

With regards

LKG & UKG In-Charge and Teachers.
