### Practice worksheet -3 for Half Yearly

**Class: IV Obj: To revise comprehension for half yearly. Sub: English**

**I. Read the passage and answer the following questions:**

Have you ever wondered how many feathers does a bird have? The answer is simple: the bigger a bird is, the more feathers it has on its body. A humming bird has 900 while a swan has 25,000 or even more. Feathers come in all shapes, sizes and colours. They are strikingly beautiful that a person is just tempted to pick them up. The soft, silky, and velvety feathers keep the bird warm, others keep it water proof in the rain and strong feathers give it strength to fly. Feathers of a bird are frequently used and wear out. These are replaced by a set of new ones almost every year. As the new ones grow the old ones fall. This process is called moulting. The feathers are used by humans in various ways. They are used in pillows and caps. Before the invention of pens, people wrote with large feathers with pointed ends called quills. Even today, in Panama in Central America, hunters use bright feathers for head gears.

1. They are strikingly beautiful that a person is just tempted to pick them up. 'Them' refers to \_\_\_\_\_  
A) Birds B) feathers C) pillows
2. Write 'True' or 'False':
  - a) Birds have only one set of feathers. \_\_\_\_\_
  - b) The bigger the bird is, the more the feathers it has on its body \_\_\_\_\_
3. Replace the underlined words that mean the same as from the passage:
  - a) The feathers are used by human beings in different ways.
  - b) Feathers of a bird are regularly used and wear out.
4. The words 'soft', 'silky', and 'velvety' are \_\_\_\_\_  
A) Naming words B) Describing words C) Action words
5. \_\_\_\_\_ feathers gives the bird strength to fly.
6. In olden times, people wrote with large feathers with pointed ends called \_\_\_\_\_.
7. The antonym of 'strong' is \_\_\_\_\_.

Practice sheet - 3 for Half yearly Exam

Les - (2) बलवान कौन ?

Objective - To revise for half yearly exam.

Note -1) Read the textbook and classwork thoroughly to answer the given worksheet.

2) The child has to solve practice sheet in rough book not in h.w book.

(i) निम्नलिखित शब्दों के अर्थ हिंदी (Hindi) तथा अंग्रेजी (English)में लिखिए।

- 1) ताकतवर = ----- , -----      2) झगड़ा = ----- , -----  
3) फैसला = ----- , -----      4) प्रयास = ----- , -----  
5) उजाला = ----- , -----      6) श्रेष्ठ = ----- , -----

(ii) निम्नलिखित शब्दों के वर्ण - विच्छेद (Separate the characters)कीजिए।

- 1) कोशिश - -----  
2) उजाला - -----  
3) प्यास - -----

(iii) प्रश्नों के उत्तर लिखिए।

1Q) सूरज ने हवा को क्या समझाया ?

2Q) दादा जी ने बच्चों को क्या सीख दिया ?

3Q) तनुष और मनन क्यों लड़ाई कर रहे थे ?

### Practice sheet 3 for Half Yearly Exams

Class – IV/ Math

Ch 3 Multiplication of Numbers

Objective :- To revise for Half Yearly Exams

**Solve the following.**

1. Fill in the blanks.

a)  $65 \times 32 = \underline{\hspace{2cm}} \times 65$

b)  $(9 \times 12) \times 7 = \underline{\hspace{2cm}} \times (12 \times 7)$

c)  $42 \times \underline{\hspace{2cm}} = 42$

d)  $67 \times 0 = \underline{\hspace{2cm}}$

e)  $19 + 19 + 19 = \underline{\hspace{2cm}} \times 19$

f)  $1473 \times 10 = \underline{\hspace{2cm}}$

g)  $420 \times 1000 = \underline{\hspace{2cm}}$

h)  $30810 \times 100 = \underline{\hspace{2cm}}$

i)  $34 \times 20 = \underline{\hspace{2cm}}$

j)  $210 \times 60 = \underline{\hspace{2cm}}$

2. Multiply the following in order to find the product.

a)  $567 \times 26$

b)  $1662 \times 540$

c)  $5162 \times 8$

d)  $6871 \times 13$

e)  $124 \times 324$

f)  $342 \times 342$

3. Solve the following word problems.

a) A building has 35 floors. Each floor has 8 flats. How many flats are there in the building?

b) There are 178 fifty – rupee notes in a bag. How much money is there in the bag?

c) A ream of paper means 500 sheets of paper. How many sheets are there in 32 reams?
